CONVERTING CONVENTIONAL FARMERS INTO ORGANIC COTTON SINCE 2017

Tiger Cotton® works to protect the biodiversity, people and planet by converting conventional farmers to fully certified organic production. By choosing Tiger Cotton®, you choose to support small-scale Indian cotton farmers' journey from conventional cotton into organic cotton and thereby directly influence the supply of organic cotton brought into the industry. All the while protecting the Bengal Tigers in the area from toxic chemicals and pesticides while they wander between nature reserves.

JUST THE BEGINNING. So far, Tiger Cotton® has converted more than 4,000 cotton farmers into organic cotton production. But it's just the beginning! We are expanding the project and are continuously looking for new farmers to join our Tiger Cotton®-Initiative.

Tiger Cotton® is high quality label free basic wear made from 100% organic cotton in conversion and certified with EU Ecolabel, SA8000, GOTS in Conversion, Oeko-Tex and made on solar and wind energy only.
